## 1. Home Visiting Hero

### Staff Spotlight - Robin Simmons!

This month's Home Visiting Hero is Robin Simmons! When her supervisor, Sue Wolver, was asked why she felt Robin should be spotlighted, she replied the following, "She has been with our program for almost 9 years (in August) and has been through so much with us! She was given a pink slip when we thought MIECHV funding was not going to be renewed. We have laughed together, cried together, and celebrated together. Her families tell her that *'everyone needs a Robin in their lives'*. She has helped train many new family support workers only to watch them leave the program and move on to other adventures. She hates change (and would be the first one to tell you that) but has stayed through all of the changes in HFA, MIECHV, and SIEDA. Robin is an asset to the program and will never know just how much I and the families she serves appreciate her."

Hats off to Robin! Thank you for your continued dedication to Iowa families!
